DEPARTMENT OF RACHANASHARIR

DEPARTMENTAL PROFILE:

Department of Rachana Sharir stands as one of the important pillar of basic principles of Ayurved. It deals with the study of Structure of the Human Body and topics like Garbha shareer (embryology), histology, Anthropometry, Genetics, marma sharir etc as per Ayurved and Modern science.

The Department renders a basic foundation by providing sound knowledge of each and every structure of the human body. Not only a surgeon but also physician must be well acknowledged with comprehensive details of Anatomy. The department gives training to 1st year students on the human body itself (cadaveric study). Along with the latest advanced knowledge of anatomy students are also made aware regarding typical Ayurved concepts.
